

Undergoing JSRS Certification Process

Company Profile Creation Support

1. The JSRS Company Profile is an exhaustive Profiling system that doubles as your Company Website with independent URL. It contains a detailed Profile Management System that needs to be fully filled with all relevant Products & Services mapped to a detailed Catalogue Structure and other relevant information.
2. For further support on creating Company Profile, please check the below provided video help link "[For Omani Suppliers](#)" & "[For International Suppliers](#)"
3. If you need specific assistance from the JSRS team to help create the JSRS Company Profile, please mail support@businessgateways.com and our team shall get back to you.
4. Please call our JSRS Call Centre on +968 2416 6123 and one of our Agents will attend to your query. Please note that the Call Centre Agents might sometimes be occupied due to online traffic, and you may need to wait. Agents can converse in Arabic and English.

Note: You can raise a Support Ticket on the JSRS Support System by directly mailing your Query / Complaint / Suggestion to jsrs@businessgateways.com. The Support System is an efficient way to track your Tickets towards resolution.

Configuring Departments and adding multiple Users to JSRS

1. The JSRS provides for unlimited Departments and unlimited Users to be configured within your company.
2. Login as Administrator and visit Enterprise Admin module and follow the process.
3. If you need specific assistance from the JSRS team to help configure Departments and multiple Users, please mail support@businessgateways.com and our team shall get back to you.

JSRS Compliance Documents List

1. The JSRS Certificate is issued after your company goes through a diligence process by businessgateways Certifications Department. As part of the process, you will be expected to upload information based on a standard checklist using the Supplier Validation Form (SVF). "[See list of Mandatory Documents Required here](#)"

2. In SVF some of the information is mandatory while others are optional. However, it is advised to maximize your document upload for faster resolution of Certification.

Note: If there is any decline in the submission in the system, you need to update the documents or content as per the declined comments and submit the form again for validation.

JSRS Certification Site Visit Support

The JSRS Site Visit is part of the Diligence process for JSRS Certification and is applicable ONLY to Omani Companies. International Companies are exempt from Site Visit.

Note: The Online Site Visit option will be enabled only after the submission of the Supplier Validation Form (Tier 2).

JSRS Certification Status Check

1. Login to JSRS. On the Homepage Menu bar, under Quick Links click the listed JSRS Certificate to view & download your JSRS Certificate if it is issued to you.

2. You can view the Approved Products & Certificates by scanning the QR Code on your JSRS Certificate.

3. Once your Certificate is approved, you join the JSRS Certified Suppliers Network (JSRS CSN) and you are eligible to download the JSRS Certified Suppliers Badge from the Dashboard. You can use this on your mail signatures and Business Cards.

Note: You can raise a Support Ticket on the JSRS Support System by directly mailing your Query / Complaint / Suggestion to jsrs@businessgateways.com. The Support System is an efficient way to track your Tickets towards resolution.

JSRS Certification Support Assistance

1. Please call our JSRS Call Centre on +968 2416 6123 and one of our Agents will attend to your query. Please note that the Call Centre Agents might sometimes be occupied due to online traffic, and you may need to wait. Agents can converse in Arabic and English.

2. You can raise a Support Ticket on the JSRS Support System by directly mailing your Query / Complaint / Suggestion to jsrs@businessgateways.com. The Support System is an efficient way to track your Tickets towards resolution.

JSRS Training Participation

JSRS Support Team conducts regular Training Sessions (Online) explaining in-depth the various JSRS functions and processes for the benefit of all Suppliers. Please check on "[JSRS Connect Link](#)" on your Dashboard to know when the next training session is scheduled so that you can attend.

or "[Click and View the Scheduled Webinars](#)".
